IMPERIAL FRONTIER

Company Overview

A Brief Story About The Company

Imperial Frontier Pvt Ltd is a Zimbabwean-registered enterprise established in 2025, co-founded by Mukondeleli Tshikalange and Serbiot Pardon Munetsi, with strategic leadership from Matthew Munava and Taurai Chinheya. Headquartered at 6 Muchecheni Street, Mufakose, Harare.

Executive Summary

Imperial Frontier is building Africa's future through high-impact ventures in mining, infrastructure, agribusiness, and property development. We operate as strategic facilitators across these industries – identifying opportunities, structuring joint ventures, and aligning stakeholders for scalable impact.

Our model combines visionary leadership, dignified branding, and adaptive equity structures to unlock investor-ready ventures across the continent. We are registered under the Companies Act of Zimbabwe, with legal compliance frameworks aligned to the laws of each host country.

Our mining interests span over 500 hectares across multiple provinces in Zimbabwe, targeting gold, copper, and nickel deposits. We are actively engaging both mine owners and investors, facilitating partnerships that empower communities and unlock export value chains

IMPERIAL FRONTIER

Founding Vision

We exist to shift Africa's narrative from dependency to dignity. Our mission is to facilitate and co-create transformative ventures that empower African ownership, generate employment, and build lasting infrastructure. Every project is designed to catalyze regional integration, industrial upliftment, and generational legacy.

Core Sectors of Operation

Sector	Strategic Facilitation Focus
Mining	JV structuring, strategic minerals, beneficiation, export pathways
Infrastructure	Rail corridors, roads, water systems, energy grids
Agribusiness	Climate-smart farming, processing hubs, logistics integration
Property	Affordable housing, industrial parks, new city development

Strategic Approach

1 Micro-JV Model

Launching pilot projects with limited capital to prove the concept and attract scale investment.

2 Investor-Ready Documentation

Vision Charters, concept notes, branded pitch decks, and legal frameworks.

3 Equity Partnerships

Co-creation roles in every venture to protect legacy and ensure shared ownership

4 Continental Expansion

Starting in Zimbabwe, scaling across SADC and pan-African corridors

5 Facilitation Mandate

Acting as bridge-builders between communities, investors, and technical partners

Products & Services

1

Primary Operations: Gold, copper, and nickel extraction (facilitated through JV models)

2

Value Chain Services: Stone processing, logistics, and mineral marketing

3

Consulting Services: Geological exploration, feasibility studies, and strategic facilitation

Mining Rights & Compliance

Registered under the Companies Act of Zimbabwe

Operating under host country laws for each venture

Engaged in securing mining licenses and safety certifications

Exploring B-BBEE compliance for South African partnerships

Projects & Operations

Project Name	(TBD)
Location	Multiple Provinces, Zimbabwe
Mineral Type	Gold, Copper, Nickel
Development Phase	Exploration & Feasibility
Estimated Capacity	20,000 Hectares Secured

Note:

Project names and capacities will be updated as investor engagements and feasibility studies progress.

IMPERIAL FRONTIER

Strategic Partnerships

We are actively facilitating partnerships with:

- 1 Mine owners for JV structuring
- 2 Equipment suppliers for scalable operations
- 3 Processing plants for beneficiation and export
- 4 Transport/logistics firms for corridor integration
- 5 Legal and financial advisors within our founding circle

Leadership & Governance

Co-Founders (in official order):

Mukondeleli Tshikalange

Serbiot Pardon Munetsi (Strategic Architect, Branding Lead, Movement Builder)

Directors:

Mukondeleli Tshikalange

Serbiot Pardon Munetsi
